

TO KEEP THEIR GOLD FROM COMING HERE

BRITISHERS TAKE ACTION TO STEM THE TIDE.

General Belief That the Bank of England Will Advance the Rate of Discount—Germany Lends Large Sums to Venezuela, Showing the Sentiment Toward That Nation.

London, Oct. 22.—There is a general belief here that the directors of the Bank of England, at their regular weekly meeting, will raise the discount from 3 to 4 per cent. The newspapers agree in stating that the flow of gold to America must be stopped. The St. James Gazette says:

"According to exchange experts even the present rate does not allow a margin of profit to shippers, so that a premium on gold is eventually paid in New York by those who are so nervous in regard to the political situation as to insist upon hoarding gold. This is a striking comment on the cohesiveness of the republicans anent the defeat of Bryan. It is also obvious that the very rapid advance in wheat adds considerably to the power of the Americans to draw on the European gold supply, and unless the directors of the bank are prepared to allow the reserve to suffer a further large diminution a rise in the rate may be counted on as certain. So far as we can judge, however, the amount of reserve to-morrow will be £2,525,500,000, and when we deduct the sum of £10,000,000 which has to be set aside against the Japanese balance the total is none too large, considering the autumn withdrawals to Scotland. The stock exchange was fully prepared for a rise in the bank rate last week, so there will be no sudden collapse in prices."

GERMANY MAKES LOANS.

Bankers and Merchants Exhibit Confidence in Venezuela.

Washington, Oct. 22.—Advices received by Minister Andrade of Venezuela are to the effect that the commission sent by Venezuela to Germany has returned after accomplishing most satisfactory arrangements which bring about a close identity of interests between the two countries.

The main features of the arrangement are a loan of 50,000,000 bolivars, or \$10,000,000, of German capital to the Venezuelan government and the establishment of a German bank with large capital at Caracas. The large loan comes from private German sources, but it is felt to be not the less important in showing the sentiment of the German government toward Venezuela.

The commission was headed by the minister of public works in President Crespo's cabinet. On reaching Berlin the members were received with marked honors by Emperor William, who conferred decorations upon them. Heretofore English capital has built the docks at Laguayra and carried forward other enterprises. It is pointed out also that the security and responsibility of Venezuela are strongly attested when German capitalists, who are careful and conservative, make such heavy investments there.

NEW BISHOP FOR DULUTH.

Rev. John D. Morrison, Archdeacon of Ogdensburg, Is Elected.

New York, Oct. 22.—The house of bishops of the Protestant Episcopal Church of America elected Rev. John D. Morrison, D. D., LL. D., to the recently created bishopric of Duluth, Minn.

Dr. Morrison, who is at present rector of St. John's Church, Ogdensburg, N. Y., and archdeacon of Ogdensburg, is about 50 years old. He was born in Canada, was graduated from McGill University in Montreal and received the degree of D. D. in Union College. Dr. Morrison's first charge in this country was the rectorship of Christ Church, Herkimer, N. Y. He remained there six years and was then transferred to Ogdensburg.

Manning. The auditing committee reported total receipts of \$71,634; disbursements, \$63,600. There are 2,809 members in good standing, the additions for the last year being 627.

Springfield, Mo., Oct. 22.—Unknown men wreck a passenger train on Memphis route Tuesday near Jones Springs by placing an iron plate on the rail at a curve. The track was torn up for a considerable distance and the engine and baggage car were derailed. Charles George, the fireman, was badly hurt. The passengers escaped.

He will deliver five speeches in all in Kentucky, and will return next Saturday, not waiting to vote.

KILLED BY A BOMB.

Mysterious Death of Hamlin J. Andrus of Yonkers N. Y.

New York, Oct. 22.—Hamlin J. Andrus, secretary of the Arlington Chemical works of Yonkers, was instantly killed by an explosion in his office there Wednesday morning. His family declare he was assassinated with a bomb. If murder was done, it is probable the assassin had sought another victim, who escaped.

John E. Andrus, brother of H. J. Andrus, is president of the company, and a millionaire. He is a stern man of business, and is disliked by his workmen. Several times lately, so he declares, threats have been made against him. Hamlin J. Andrus was popular with his employees.

On the other hand, Captain Mangin, chief of the Yonkers police, believes Hamlin J. Andrus was the victim of his own experiments. Mr. Andrus, he maintains, was trying to perfect a device to protect safes against burglars.

FIRES ON FILIBUSTERS.

The Cruiser Raleigh Captures Two Steamers Off Mosquito Inlet.

Jacksonville, Fla., Oct. 22.—The United States cruiser Raleigh at 5 o'clock Wednesday morning discovered the steamer Dauntless taking on a cargo of coal from the steamer R. L. Mabey of Mosquito inlet. As the warship bore down on them the filibusters started in opposite directions, and the Raleigh opened fire, dropping solid shot across their bows as a signal to stop. The Dauntless heaved to, but the Mabey ran into Mosquito inlet and anchored opposite New Smyrna. The Raleigh took the Dauntless in tow and sent an officer after the Mabey. The two prizes were towed up the coast to the St. John's bar and are anchored inside the river, with the cutter Boutwell alongside. The Dauntless had just arrived from the south, and is supposed to have been preparing to carry another expedition to Cuba. The Mabey has been acting as a tender for the filibustering steamers.

PLACES RUMORS AT REST.

United States Minister to Turkey Makes a Statement.

Constantinople, Oct. 22.—A. W. Terrell, the United States minister to Turkey, has given to the press the first explicit and authorized statement from an official source regarding the mission of the United States steamship Bancroft in the Levant, directly refuting the wild and unfounded statements circulated in the United States and telegraphed here that the Bancroft was instructed to proceed through the Dardanelles and to Constantinople in spite of whatever protest might be offered by the Turkish authorities. Mr. Terrell said: "The relations between Turkey and the United States are cordial. No American has been sacrificed during the massacres, and it is improbable that the United States will depart from the traditional policy by meddling in the domestic affairs of Turkey."

Abused His Insane Patients.

Montpelier, Vt., Oct. 22.—The arrest of Dr. William H. Giddings, president of the Vermont Asylum for the Insane at Waterburg, has caused one of the greatest sensations ever known in this state. The unfortunates whom it is charged that Dr. Giddings abused most shamefully and horribly are all women. They are Emma Hoyt, Lucy Williams, Hattie Lackey, Grace White and Emma Sweetland. In addition to the social disgrace the affair is liable to cause a political scandal of no small magnitude, as the trustees are men of prominence in the republican party of this state.

Gold Democrats Win the Battle.

Lincoln, Neb., Oct. 22.—The last hope of the Nebraska free silverites went out Wednesday when the supreme court refused to issue the writ of mandamus directing the secretary of state to reject the certificates of nomination of gold democratic candidates for state officers. Justice Norval rendered the opinion, the other justices concurring. Under the decision of the court the names of the gold nominees will go on the ballots with the designation of "democrat" opposite their names.

Laid by Freemasons.

Washington, Oct. 22.—The ceremonies attending the laying of the cornerstone of the Hall of History, the first to be erected of the group of buildings to comprise the American University, were held Wednesday in the presence of a large and distinguished gathering. The grand lodge of Masons of the District of Columbia, assisted by the several commanderies of Knights Templar, took a prominent part in the ceremonies, which were elaborate and impressive.

Death List Is Raised to Fourteen.

San Francisco, Cal., Oct. 22.—The number of people who lost their lives in the storm off Coos bay has been variously estimated, but it seems clear that fourteen persons in all were drowned. The steamer Bonita has been assigned to take the place of the Arago. The sea was very rough, with heavy surf breaking on the beach, and it is said by men of experience that the bodies will never be recovered, as they would be buried in the sand.

Li Hung Chang at Home.

Peking, China, Oct. 22.—Li Hung Chang has arrived here and will shortly present his report to the emperor.

CANTON STREETS FULL OF VISITORS; BRYAN'S CHASE STILL CONTINUES

PRAIRIE STATE DELEGATION BRYAN SPEAKS TO FORT WAYNE CITIZENS.

Streets of the Ohio City Thronged—Notable Day in the Campaign—Generals Continue Their Tour in Michigan—Harrison At Indianapolis—Good Money Gossip.

Canton, O., Oct. 22.—When the history of the presidential campaign of 1896 is written Wednesday, Oct. 21, will be recorded as one of the most notable days. It will be recorded as Illinois day, but the record will also show a number of other visits of note. All day long the streets were filled with marching clubs and the air has echoed with the music of bands. The Illinois delegations began arriving as early as 2:30 o'clock in the morning, and they were still arriving at noon. In the afternoon a parade was given in which the local bands and local escorts joined. Maj. McKinley reviewed the parade.

Large Audiences Greet the Democratic Nominee—Gov. Altgeld Makes Speeches in Illinois—Vice President Stevenson At a Rally—Gossip For Cheap Moneyites.

Fort Wayne, Ind., Oct. 22.—Wednesday was Bryan day in Fort Wayne, and the democrats had the biggest political demonstration this city has known since Blaine day in 1884. Mr. Bryan did not arrive until after 8 o'clock. After the big parade in the afternoon Senator Teller spoke at Princess rink, Gen. A. J. Warner at Saengerbund hall and J. C. Brannan at Huntington and others at the court house square. Mr. Bryan addressed three meetings at night in Fort Wayne. Muncie was a hotbed of politics when Mr. Bryan arrived there shortly before 3 o'clock in the afternoon. An hour

from the stand in front of his lawn, and when it had passed the visitors counter-marched to mass around the stand for the speechmaking. The Illinois people were enthusiastic in the highest degree, and their cheers and shouts were heard about the city all day. They gave Maj. McKinley a grand ovation when he appeared to address them, and they applauded every sentiment of his speech. Before the Illinois visitors reached the house there had been a visit of the people of Poland township, Trumbull county, Ohio, where Maj. McKinley spent many of his boyhood days, with Judge Arrel of Youngstown, his old friend, as spokesman.

There had also been the Garfield club of the old Nineteenth Ohio congressional district, which Gen. Garfield had represented in congress. With this party came Capt. William Wallace of Warren, president of the club; A. W. Jones, lieutenant governor of Ohio; State Senator James R. Garfield, son of the late president, and Congressman Stephen A. Northway, who delivered the introductory address.

Senator Garfield was introduced by Maj. McKinley when he had concluded his address, and the senator spoke briefly. As the major was leaving the platform, after speaking to the Illinois people, another delegation, coming from Green Springs, Ohio, and vicinity appeared, and an address was made to them. An impromptu address was made in the house to the delegation of workmen from Chicago, and soon afterward a splendidly uniformed club organized as the East End McKinley regiment of Cleveland appeared upon the lawn with F. G. Hogan as spokesman. The delegation was composed of seven companies of sixty men each, and presented a particularly handsome appearance.

Maj. McKinley scarcely had time to get dinner ere there was another delegation in his yard. The last one was the McKinley Marching club of Massillon, with flaming torches and natty uniforms. They were addressed by the major and then joined in the street parade.

Mr. Reed Speaks at Peoria.

Peoria, Ill., Oct. 22.—Speaker Thomas B. Reed was the attraction here Wednesday night, speaking under the auspices of the Peoria Railroad Men's Non-Partisan Sound-Money club. Large delegations from Galesburg, Bloomington, Decatur, Terre Haute, Rock Island and other cities were on hand, and the procession was over one hour passing a given point. Mr. Reed and his daughter arrived in the city on a special train from Chicago at 7:50 o'clock, and left after the meeting for East St. Louis.

Generals Address Big Crowds.

Jackson, Mich., Oct. 22.—After ad-

after Mr. Bryan reached the town William D. Bynum was to speak to the gold democrats, and in the evening the republicans listened to W. J. Campbell, ex-president of the Glass-Blowers' association. A large crowd of humanity welcomed the candidate of the bimetallic parties to Anderson when at 4:30 he arrived there. Out on the open prairie a stand had been erected, and a crowd assembled which would have done credit to a city of much larger size.

Wayne county is the banner republican county of the state and Richmond is the stronghold of Wayne county. There were yellow badges at both of the meetings that Mr. Bryan addressed and shouters for McKinley were numerous. There were, however, many silver men in the crowds and they yelled loud and often for the democratic nominee.

The train arrived in Cambridge nearly an hour late. A five-minute stop was to have been made there, but Mr. Bryan was taken in a carriage to the fair grounds, where he spoke, and twenty minutes more was added to the wrong side of the schedule. Mr. Bryan spoke to a crowd of several thousand at Rushville from a platform erected in a vacant lot near the center of the city. There were short stops at Alexandria, Summitville, Marion, Bluffton and Fairmount, and at each place Mr. Bryan received flattering receptions. The crowds were large and enthusiastic.

Gov. Altgeld Makes Speeches.

Chicago, Oct. 22.—Gov. Altgeld addressed two meetings last night—one at Pullman and another at South Chicago. Enthusiastic crowds greeted him at both places. He was accompanied by George Fred Williams, of Massachusetts.

Chatsworth, Ill., Oct. 22.—Gov. Altgeld addressed a big rally yesterday. The counties furnishing the throng were Livingston, Ford, Iroquois and Kankakee. Over 6,000 persons were gathered around the stand from which the governor spoke. His speech lasted but one hour, and he left at once on a special train for Chicago.

Watson's Name Must Remain.

Topeka, Kas., Oct. 22.—The supreme court on Wednesday heard the application of Populist Chairman Briedenthal for a peremptory writ of mandamus to compel Secretary of State Edwards to certify to the county clerks of the state the name of Thomas E. Watson on the ticket of the people's party, the secretary having, upon an affidavit of Watson, withdrawn his name and decided to omit his name from the people's party ticket on the official ballot. After hearing arguments lasting three hours, the court took the case under ad-

visement and finally gave a decision granting the writ.

Norton Says Support Bryan.

Washington, Oct. 22.—Senator Butler has received a letter from S. F. Norton of Illinois, the favorite candidate of the "middle-of-the-road" populists for the presidential nomination at the St. Louis convention, announcing his support of Mr. Bryan, and advising populists everywhere to assist in Mr. Bryan's election. Mr. Norton advises the populists to forgive for the time any unjust treatment from the democrats and postpone the settlement of minor differences until after the election.

Stevenson and Weaver Talk.

Shelbyville, Ill., Oct. 22.—With Vice President Stevenson and General James B. Weaver as the attractions, the democrats and populists combined here Wednesday and had the biggest rally ever held in the county. The day procession was four miles long, and to-night 1,200 men on foot and horseback with a half-dozen bands and numerous women marchers, made a torchlight procession two miles in length. The speakers discussed issues along the usual lines.

Letter from Senator Voorhes.

Terre Haute, Ind., Oct. 22.—Senator Voorhes, who has not spoken on the issues of the campaign and who for several months before adjournment of congress was too ill to take part in the proceedings, has sent a letter to the county chairman who has in charge the Bryan meetings here, expressing his regret at being unable to participate in the proceedings and expresses the belief that Bryan will be elected.

Senator Lindsay Will Retire.

Frankfort, Ky., Oct. 22.—Senator Lindsay of this state is tired of politics, and will retire to private life at the close of his present term. General P. Wat Hardin and ex-Governor Knott are candidates for Lindsay's seat.

May Not Try Pastor Vrooman.

Danville, Ill., Oct. 22.—At the opening session of the Illinois synod of the Presbyterian church Tuesday night the Rev. William A. Hunter, the retiring moderator, preached. Dr. J. H. Stevenson of the Cairo presbytery was elected his successor. Dr. Kane reported that the new plan of independent state operation of missions had been successful. The trial of Rev. F. B. Vrooman for holding doctrines contrary to the church tenets was referred to the judiciary committee, which was selected of five ministers and five elders, all outside of Chicago. Reports are current that there will be an indefinite postponement of the matter.

Alleged Boycott in Court.

Toledo, O., Oct. 22.—On application of Clarence Brown of this city, attorney of the Clover Leaf railway, Judge Ricks, in the United States Circuit court at Cleveland, issued a restraining order directed against the Lake Shore, Nickel Plate and Michigan Central, to restrain those roads from putting in force the boycott of the passenger business which is alleged by Receiver Pierce of the Clover Leaf. This will bring the matter of the legality of the joint traffic association before the United States court, and the result will be closely watched by all railway men.

Two Lives Lost in Akron's Fire.

Akron, O., Oct. 22.—The burning of the Whitman-Robinson company's stoneware plant here Tuesday night is believed to be of incendiary origin, and in addition to the destruction of \$200,000 worth of property, two lives were lost. When the fire had nearly burned out the body of an unknown man was discovered in one of the red-hot kilns. Evidently he had crawled into it to sleep, and was burned to death. The remains of Francis Harrison, who slept at the works, have not yet been found.

Canadian Wheat a Failure.

Toronto, Ont., Oct. 22.—Information received here from Winnipeg shows that the wheat crop there is not thrashing out as well as expected and that the total crop will be 14,000,000 bushels, against 30,000,000 bushels last year. The total wheat crop in Ontario will be only 14,000,000 bushels, against about 20,000,000 bushels last year. Canada will have to import wheat from the United States or some other country before the next crop comes in.

Ohio Robbers Commit Murder.

Toledo, Ohio, Oct. 22.—A farmer named Butka, who had a large income from oil leases, was murdered on his farm, about seventeen miles south of Toledo, by robbers Tuesday evening, and his wife was seriously injured. Butka had just received his month's income from his oil leases, but the robbers failed to discover his hiding place. All they got was his watch and a few dollars in his pocket.

Deed of a State Senator's Son.

Sacramento, Cal., Oct. 22.—In the lobby of the police court James Lowe shot and fatally wounded Addie Schilling and then blew his own brains out. The woman was to have been a witness against Lowe in a vagrancy case. Lowe was the son of State Senator Lowe of San Jose. When shot, the Schilling woman had in her hand threatening letters written her by Lowe.

RAMBUSCH'S DEATH WAS A TRAGIC ONE

FASCINATION OF BATTLE-FIELDS FOR HIM.

Killed Himself At the Graves Of His Former Comrades In the Fifty-First New York Infantry—Funeral Of Horace Ruble Held—State Specials.

Juneau, Wis., Oct. 22.—While searching the papers in the office of W. T. Rambusch the sheriff found that he had taken out life insurance to the extent of \$8,000, which is all he leaves his wife, except a mortgaged home. It is now thought that he had nothing with him when he fled, and that all of the \$200,000 which he had stolen from other people during the last twenty years has been used up in paying interest and making one defalcation cover another.

The fact that Rambusch went to Fredericksburg to commit suicide shows a tinge of romance. Mr. Rambusch was a member of the Fifty-first New York infantry during the war, and Fredericksburg marks the site of one of the most desperate battles in which the regiment was engaged. Mr. Halleck, who received the dispatch announcing the suicide, remembers that when he went once some time ago with Rambusch to Washington the latter would not return until he had made a visit to Fredericksburg. It is possible that he went there at this time because of his desire to end his life upon the spot where he was engaged in the strife of battle thirty-four years ago.

Body to Be Cremated.

Milwaukee, Oct. 22.—The funeral of Horace Rublee was held Wednesday morning at 11:30 o'clock. The services were of the simplest character, and the more impressive for that fact. They were conducted by Rev. C. S. Lester, of St. Paul's church, who read the Episcopal service for the dead. At the close of the service, the body was taken to Forest Home, accompanied only by the active pallbearers, Mr. Rublee's sons—William and George—and Mr. Lester. On arriving at the cemetery it was delivered over for incineration.

Wisconsin Women's Clubs.

Milwaukee, Wis., Oct. 22.—The convention of Wisconsin Women's clubs, which resulted in the formation of a state federation, adjourned Wednesday. Mrs. Charles Morris of Berlin was elected president. A vice-president for each of the ten congressional districts in the state was chosen. Addresses were made by Mrs. Charles Henrotin of Chicago, Mrs. Charles Kendall Adams of Madison and Miss Ella Sabin of Milwaukee.

Buckner and Bragg in Wisconsin.

La Crosse, Wis., Oct. 22.—At the new La Crosse theater last night 2,000 people cheered lustily for Palmer and Buckner and gold. Gens. Buckner and Bragg both made speeches. The day was a laborious one for General Buckner, who addressed over 20,000 people at Oconomowoc, Watertown, Columbus, Portage, Mauston, Tomah, Sparta and New Lisbon.

PYTHIANS SET A PRECEDENT.

Expel Germania Lodge No. 2 of Chicago, But Reissue Charter.

Rock Island, Ill., Oct. 22.—The trial of Germania lodge, No. 2, of Chicago, for the use of the German language in lodge work resulted in the expulsion of the lodge from the order, but upon application of sixty members the charter was reissued and the old name retained. This establishes a precedent.

The following officers were elected: Grand chancellor, John D. Benedict, Danville; grand vice-chancellor, A. G. Zervoss, Havana; grand master-at-arms, E. J. McElwain, Murphysboro; grand prelate, A. J. Coming, Rockford; grand inner guard, James E. Jewett, Shelbyville; grand outer guard, C. H. Cushing, Chicago; grand master of exchequer, Charles Nieuman, Freeport; grand keeper of records and seal, H. F. Caldwell, Chicago.

The attendance during the closing session was very large, fully 1,200 delegates and alternates being present.

Caught Under Falling Walls.

Beaver Falls, Pa., Oct. 22.—Mayer Brothers' pottery was destroyed by fire at an early hour Wednesday, entailing a loss of \$100,000. During the fire a wall fell, and five boys were buried in the debris. Two, named Reed and Walker, were perhaps fatally injured.

WIZARD OF THE CUE IS IN THE CITY

LEN SHAW, THE FANCY BILLIARDIST HERE.

Makes Shots That Seem to Be Impossible—Has Traveled in Many Countries—To Give Exhibitions At the Hotel Myers—Some Of His Remarkable Feats.

Len Shaw, the well known billiardist and champion fancy shot player of the world, is in the city, and will play at the Myers House billiard parlors this evening. He will play 100 single shots three ball game against one of the best players in the city. Mr. Shaw is known and has played all over the world, having but recently

CHAMPION FANCY SHOT PLAYER
OF THE WORLD.

returned from the old country where he went three years ago with Schaefer and Ives to play at the French capital. Mr. Shaw gave an exhibition at the Myers Hotel last evening, making one run of one hundred and stopping.

Time, practice and perseverance will accomplish many things, but the man who beholds the marvelous work of Len Shaw while playing a cue in fancy billiards cannot refrain

from feeling that such skill must be almost attributed to a power more than human. Mr. Shaw is now at the Myers where he will give an exhibition tomorrow evening. From here he goes to Kalamazoo, but returns probably at an early date to give a fancy shot series. Mr. Shaw

lays claim to the title of champion all around billiard player in the world. He has lately returned from Paris where he went three years ago, with Ives and Schaefer to give lessons and exhibitions in the French capital. In his day he has met and defeated, in his peculiar line such artists as Schaefer, Ives, Slosson, Vignaux, Gardner, Carter, Parker, Burleigh, Gallagher, Daly, Sexton and many others.

Hard Flinger Shot.

Another feat that is seemingly impossible is the finger shot around three hats. Mr. Shaw takes a ball in his fingers, after having first arranged the hats in a row as illustrated in the diagram and by a peculiar twisting motion causes the ball to pass around the hats and count on the balls on the other end.

One of his most astonishing feats is called the English snake shot. The ball is held suspended in the hand a moment with the wrist given and away goes the ball, curving on the first ball and then taking a snake like path down the cushion and counting on the other almost the entire length of the table.

In his list of remarkable shots are under and over shots, jump shots, rail shots, masses of all kind, combination of follow and draw shots, force follows, bottle shots, chair shots, high hat shots and many others. They are all made with ease and grace.

His wife, Mrs. Nellie Shaw, is also a remarkable artist at billiards, perhaps the most celebrated woman

player in the world, but she is not with him on this trip.

Plays as a Professional.

Mr. Shaw has been in professional billiards for fourteen years and, like all men of his kind, is wedded to a peculiar cue, without which he would be lost. His particular love is a very plain, but stout cue, weighing sixteen ounces. In the appended diagram are shown some of the remarkable things done by this wizard of the ivories. Perhaps one of his prettiest shots is to start twenty balls, with his cue, from one corner of the table and send them twice around the table without kissing, and landing them all within the circle at the end of the table, as shown in the diagram.

W. H. Sargent Post's fifteenth anniversary was duly celebrated at Post hall, last night, and the veterans and their families had a jolly time. A barquet was served during the evening, the daughters of the veterans being in charge of the service. Commander W. G. Palmer, presided, and Hilla-brand's orchestra furnished the music. The program:

Major S. C. Cobb.

[The first commander, and "father of the Post,"] were treated in France and America, and included several reminiscences of the times when he was a midshipman in Uncle Sam's navy.

Rev. H. W. Thompson, the new pastor of the First M. E. church, spoke entertainingly. Rev. Mr. Thompson has been prominent in G. A. R. circles in the state for some time, having held the office of Vice Commander of Wisconsin.

Major S. C. Cobb, the first commander of the local post—and known among his comrades as "the father of the post"—gave a historical sketch, and closed with a touching tribute to the comrades who had responded to the "last long roll."

Dancing and cards were the closing features of the celebration, which passes into history of one of pleasure and profit for all who were present.

THE O. E. S. SOCIAL LAST NIGHT

Informal speeches were made and Lodge Work was done.

The ninth district convention of the Order of the Eastern Star, closed with the session at Masonic hall last night. GOSSIP OF CUPID'S PRANKS

Kouth-Bahr.

Albert E. Kouth, a compositor at the Recorder office, and Miss Minna Bahr, were married on Monday evening, Oct. 12, at the home of Rev. C. J. Koerner, pastor of St. Paul's German Lutheran church. Miss Theresa Clara Bahr, a cousin of the bride, officiated as bridesmaid, and William Bahr, uncle of the bride, as best man.

They had intended keeping the marriage a secret until they went to nuptial keep, but afterwards decided to make the announcement. The bride is a resident of Briceville, Ohio, and has been making her home with her uncle, William Bahr, while the groom has been connected with The Recorder for the past five years.

Long before the dazed hour, St. John's church was filled. When Rev. G. Kaempfe had pronounced them husband and wife, a large crowd went to the home of Mr. and Mrs. Kraft, on South Van street, where an elegant wedding feast was served.

GOT A BEER AND \$15.95 FOR \$1

Local Saloon Man's Idea of Gold Coin Was a Queer One.

A man walked into a Janesville saloon, and called for a glass of beer, tendering a one dollar gold piece in payment. One dollar gold pieces are scarce, and the saloon man thought it was "a free-charge dollar."

"All-right?" he inquired as he swept the dollar into the till.

"Yes," replied the customer.

The saloon man then counted out \$15.95 to the customer. The latter smiled and "called up the house" to have a drink.

The saloon man thought that a gold dollar was worth 16 silver dollars, and was much surprised when the customer gave him back the fifteen silver dollars and explained the sixteen-to-one idea.

And that saloon keeper is allowed to vote!

FACTS FOR MR. RICHMOND.

The pamphlet on wheat prices issued by the government cites a fact that probably escaped Mr. Richmond's memory last Saturday night—to-wit: that farmers received the highest prices for their wheat not during the five years just prior to 1873 but from 1877 to 1882.

After citing the comparatively high prices that prevailed throughout almost the entire first half of 1868, the circular calls attention to the fact that while the wheat grower does not forget this, "he does not so readily remember, nor is he so frequently reminded, that before the end of the year 1869 wheat was worth much less. No. 1, equivalent to 63 and No. 5 to 72½ cents in gold per bushel, and this when silver was worth \$1.325 per ounce, or 156 to 1. This period of low prices lasted about eight months and was brought to an end, not by any change in the value of silver, nor by any legislation affecting the currency, but simply by the breaking out of war between France and Germany."

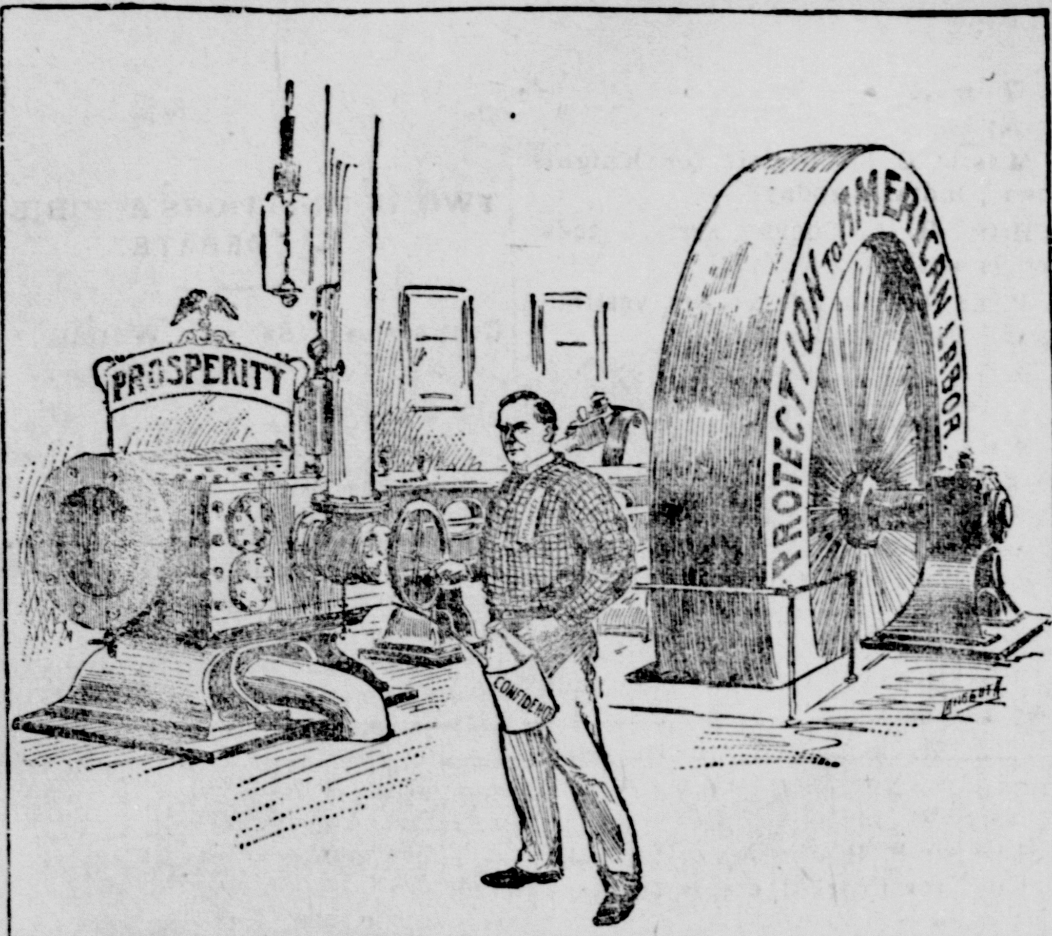

After discussing the question of supply and demand and making reference to the new wheat-growing countries that have opened up, causing a reduction in the price of wheat, the circular concludes:

"It the face of such facts as the foregoing, it would surely be ridiculous to discuss seriously the contention that it is the fall in the price of silver that has caused the fall in the price of wheat. From 1873 to 1882 silver fell more than 18 cents an ounce, or 14 per cent., and wheat advanced about 2½ cents per bushel, or 2 per cent. During the last ninety days silver has fallen four cents an ounce, and wheat, owing to deficient harvest in other countries, has advanced from 64 to 73 cents per bushel."

THEY DON'T TOUCH CORN.

Secretary John M. Stahl, of the Farmers' National College, points out that corn and not wheat, should be compared with silver, if any comparison is to be made. The price of wheat is fixed in Liverpool, the price of corn is fixed here; the harvesting of wheat is done by labor-saving machinery, the harvesting of corn approximates more nearly to the conditions of thirty years ago; wheat is a world crop, corn is an American crop.

Using corn as a standard of campaignism it has been found that gold has been stationary for fifty years while silver has fallen steadily. The rise in the price of wheat has forced the Bryanites to abandon their wheat argument. In casting about for a substitute they will not, it safe to

The engineer we need is one who will make the wheels of industry revolve.

say, pay any more attention to corn than to denounce it as a tool of Wall street.

THE BRYAN'S \$1,000 NOTE.

Candidate Bryan has been saying to audience—s:

"I know a little about the banking business, and will know more when I get my dividend on the amount I had deposited when the bank failed."

This reminds an officer of the defunct institution that when the bank failed it held \$73.06 of Mr. Bryan's money and his promissory note for \$1,000. The bank has never paid the deposit and Mr. Bryan has never paid the note, yet he thinks he has got the worst of the deal. Evidently Mr. Bryan is right in saying that he knows a little about the banking business, only he should have said a "very little."

How haren y Colonel W. R. Morrison treats his old democratic comrade, Governor Altgeld! He accuses him of dipping his hands into the public treasury, of raising taxes from thirty-one cents to fifty-two cents and of playing false to his own silver professions. This has been a lively season for Governor Altgeld and all the rest of Mr. Bryan's lieutenants.

Whatever chance there was of swinging Minnesota and North Dakota into the Bryan column the rise in wheat has destroyed. In years to come Minnesota and Dakota farmers will give thanks that they came to see how absolutely prices of grain are controlled by supply and demand—how small a part is played by fluctuations of gold and silver.

Mr. Bryan's speech on "wheat, silver and the mortgage" has been a dead letter ever since December wheat started toward the dollar mark in the Chicago board of trade.

Judge Goggin's virtuous indignation when Wisconsin farmers complain to him that they were robbed on Clark street must give Chicago people great joy.

Chairman Jones is more of a politician than people think. The five states he lists as doubtful, he keeps Bryan away from.

"Where shall I apply the plaster?" asked the mother.

DR. DUVAL FREED BY THE GOVERNOR

FAMOUS MURDER CASE IS RECALLED.

He Was Sentenced From Janesville For the Murder Of His Wife Twenty-Five Years Ago—Relatives In Another State to Care For Him—His Crime.

Gov. Upham yesterday issued a warrant for the pardon of Dr. W. P. Duval, who twenty-seven years ago was sentenced to State's prison for life from Rock county on the charge of murder.

The pardon was urgently recommended by Judge W. P. Lyon, who sentenced him, and this, together with the fact that the doctor has grown old and feeble, at the most has but a short time to live, and the further fact that a member of his family in another state desired to care for him during his remaining days made it appear to the governor as a proper case for the exercise of executive clemency.

Case Created Excitement.

The case created great excitement at the time, and as the crime for which he was sentenced was surrounded by many suspicious circumstances, many people believed that some of the doctor's other wives, of whom he had several—all dying very suddenly—had been poisoned also.

He had been in Janesville only a short time, and had but few acquaintances, and those professionally, when his wife suddenly died.

Drs. Palmer and Whiting held a post-mortem examination of the body and concluded from the rigid appearance of the remains that death was undoubtedly the result of strychnine poisoning, and his arrest and conviction followed in due time.

What Gazette "Files" Say.

The files of The Gazette tell about the crime in the issue of Thursday, April 29, 1869, the following is found:

"SUDDEN DEATH—Mrs. Elizabeth Duval wife of Dr. Wm. P. Duval, died this morning at about 2 o'clock at the Borden House. Mrs. Duval retired last night in her usual health. The doctor states that he was awakened about 2 o'clock by his wife who was tossing her head and groaning. She said 'one of those giddy spells is coming on me.' He called to his sons who were in the adjoining room and they called Mrs. Wintermute, the landlady, who hastened in only to find her dead. She formerly lived at Grant Prairie, Minnesota and was married to the doctor about six months ago at O'Watonna. They had been living in the city but a short time and were expecting to leave for Beloit in a few days. An inquest is being held this afternoon before Police Justice Hudson."

Dr. Duval Arrested.

In the issue of May 1 is the following:

"Arrested—Dr. William P. Duval was arrested last evening on complaint of Constable Plate and committed to jail. He was brought before Police Justice Hudson at 11 o'clock today and hearing postponed to next Saturday, the 8th inst. The delay is for the purpose of procuring an analysis of the contents of the stomach of Mrs. Duval and for procuring facts in relation to the antecedents of the parties."

On May 4 Dr. Treat took Mrs. Duval's stomach to Chicago for analysis. The work cost \$200.

On June 3, Dr. Duval was arraigned in court on the charge of murder, by poisoning. He pleaded not guilty. The case was tried at Elkhorn in 1870, before Judge Lyon. Ex-Municipal Judge H. A. Patterson was the district attorney, and Judge Bennett, then a "plain lawyer" assisted. W. H. Ebbetts defended Dr. Duval.

Hon. R. M. LaFollette was in Janesville yesterday, and last night spoke at Monroe. Although he made a morning and afternoon speech, and was much fatigued, he talked for more than two hours in Black Earth, Tuesday to an audience which filled the hall to the doors. Chairman Mark Hanna telegraphed Mr. LaFollette strongly urging him to make the state of Iowa his camping ground during the last week of the campaign. He has other dates, however, and will probably give all of his time to Wisconsin. Mr. LaFollette was also requested to speak at Peoria, Ill., last night, but had to decline. Speaker Thomas B. STONE STEPPED OUT BUT WINANS HOLDS

TWO NOMINATIONS A SUBJECT FOR DEBATE.

Controversy As to Whether the Post Of Elector Is One Of "Profit and Trust" Under the United States—Purely a Theoretical Question.

The nomination of John Winans for assemblyman and for elector draws forth this comment from the Milwaukee Journal:

"Jesse Stone was nominated for assemblyman and for presidential elector on the republican ticket. Deeming the two offices legally incompatible as to lead the contest, he resigned as elector. John Winans is in like manner a candidate on the democratic ticket and has not resigned either nomination. Is the office of elector an office of trust or profit under the United States? The national constitution prohibits any such from holding the office. The office is created by the United States laws and its duties defined, but there is no provision for any payment of salary or expenses. These are paid by the state. The electors perform no distinctive duty for the state; their duty pertains to the nation. There is no reason in national law why a state officer may not be an elector, but no person holding any office of trust or profit under the general government may be an elector. Electors thus appear to be officers under the United States, but possibly not of that class designated as of trust or profit."

"The state constitution provides that no person holding any military or civil office under the United States shall be eligible to a seat in the legislature," and his acceptance to such an office shall vacate his seat. Under this provision postmasters have been allowed to serve in the legislature. Why not electors? The term of office of electors expires on the completion of their duty. They meet in December, vote and cannot be reconvened. Their duty is done and their term expired before the legislature meets. And were it otherwise they could resign. The two places do not seem to be more incompatible than postmaster and assemblyman.

"But as a dispute and contest over an elector is of such vast consequence, involving as it might the presidency of the United States, it may be but prudent to keep the record perfectly clear. Mr. Stone acted undoubtedly from this view rather than from necessity; at the worst he would lose his seat, not the electorship. But there is another possibility; there are cases in which the courts hold the votes cast for an ineligible candidate to be void, though this is not the general rule. There is nothing in this instance to point to such a decision, but Mr. Stone avoids even this."

CLOTH AND VELVET.

How French Dressmakers Manage Them to Secure the Best Effects.

Cloth, which will be very much worn this winter, requires to be very carefully handled in order to have the best effect. It ought never to be sewed, stitched, ironed or ripped against the nap. Cloth, velvet and plush are alike in their demands in this respect. They all have an "up and down" that should be as sedulously regarded as that of figured goods. All the basting should be done from the top downward, with a fine needle and cotton, and the end of the thread should have no knot. In removing the basting each stitch should be cut separately and pulled outward, not lengthwise. In basting velvet and plush silk takes the place of cotton thread.

If it becomes necessary to rip any part of the seams, a very sharp penknife should be used. Beginning at the top, the two sides should be drawn apart and each stitch cut very carefully to avoid scarring the goods.

The seams of all woolen goods may be pressed very flat, indeed rendered almost invisible, if they are moistened a little on the wrong side. A small piece of the material should be dampened and pressed first, however, to ascertain if water will change the color. The flatiron must not be rubbed on the seam, as that produces a

VELVET BOLEERO.

polish on the right side. It must be simply pressed on and allowed to remain until the moisture has all evaporated.

It will not do to iron velvet or plush in the ordinary sense of the word. The only way to press seams in these materials is to stand the flatiron on its end, and, holding the seam by its two ends, draw the wrong side of it across the point of the iron, stretching the seam as much as possible. Wrinkles and stitch marks may be removed from velvet or plush by holding the goods, drawn tight, with its wrong side exposed to steam. After the crushed pile has risen again the wrong side of the material may be drawn across the face of a warm iron.

The illustration shows an outdoor bolero made en suite with the gown. The material is black velvet, the trimming consisting of red and black beaded passementerie. The revers are of black and red changeable goods, as is the skirt, which is of a new cut, having a seam in the middle of the tablier. Around the foot is a bias band of black velvet, headed by black ostrich feather trimming. The corset is of black velvet. JUDIC CHOLLET.

WRAPS AND CAPES.

The New Styles and Manner of Trimming Popular Fur.

Every year shows a variety of long and short wraps, especially for fall and winter, when there is social gaiety as well as cold weather to be provided for. There are the usual number of long, loose mantles for evening wear, made of rich materials and made very full or with plaits. They are frequently adorned with capuchons and have immense sleeves coming from underneath the side plaits. Some sort of sleeve arrangement is a necessity with these ample, enveloping garments; otherwise the wearer is practically a prisoner and cannot lift a hand without raising the entire wrap, which is a slow and awkward proceeding. The sleeves are bordered with passementerie or fur, or whatever trims the body of the wrap.

There are also capes similar to those which have been worn for some time, and others, newer and somewhat longer, for both evening and day wear. One of the latest models is of very thick woolen goods with a hairy surface, on which are applications of smoother cloth in a complicated design and contrasting color.

A style of trimming which is common to long and short mantles, capes and jack-

JACKET.

ets, is a sort of square epaulet of fur, rather long and hanging like a species of pelerine. Pelerines and large, square collars of fur are very much a la mode, or will be as soon as the weather permits. These as well as entire capes will be made of sable, skunk or other fur. What kind of fur will predominate during the winter it is not yet possible to say positively, but it is unlikely that sable has yet worn out its welcome, being beautiful and becoming.

An illustration is given of a jacket of gray cloth. It is quite short and is straight in front, while in the back it is close fitting. The sleeves are very moderate in size, and there is no fullness in the basque except immediately at the back, where a short strap is carried across at the waist line. The double breasted front fastens with long, covered buttons. The edge of the jacket, collar and revers is finished with black cording, and trefoil cording adorns the front and the sleeves. JUDIC CHOLLET.

An Amendment.
"Did you tell a friend of mine," the small man exclaimed, indignantly, "that I could not tell the truth if I tried?"

"I wouldn't think of saying you couldn't tell the truth if you tried, because—"

"Well?"

"So far as I am informed, you never tried."—Washington Star.

Keeping His Vow.

Dick—Why do you always drink sherry cobbles and mint juleps? They're such old-fashioned tipplers.

Jack—Because it pleases my wife that no wine or spirits shall touch my lips till New Year's.

Dick—But there's wine in a cobbler and spirits in a julep.

Jack—Of course there is, but I use straws.—Town Topics.

Knowing.

"Well, after dinner Borestone told a story about his exploits in Africa, and then one about an Irishman he met in Switzerland."

"But I thought you were not at the dinner?"

"Nor was I at this particular one, but I have attended 16 others where Borestone told those same stories."—Sketch.

Almost a Hint.

He had, been engaged for several years, and one day last week she remarked: "Have you noticed those clocks in the jewelry store on Main street?"

"No; is there anything peculiar about them?"

"Yes; they name the day."—Texas Sifter.

A Correction.

"One of my customers—" began the barber.

"One of your what?" queried Bangle. "Customers!" returned the barber.

"You mean patients, or victims, don't you?" asked Bangle.

Which accounted for the gaping wound in Bangle's cheek that day.—Bay City Chat.

Charged.

"Patrick, I was sorry to hear that you were arrested last week. What was the charge against you?"

"Givin dollars an' costs."

"I mean what were you charged with when they brought you before the justice?"

"Apple brandy, sor."—N. Y. Dispatch.

Figure as You May . . .

You will find you can not buy SHOES as cheap at a store that does a credit business as you can under the

Cash system

at our store.

We want the ladies to inspect our line of

Fall and Winter Shoes

and compare the prices and quality with others and we are sure you will be convinced that we are doing business on the right principle and giving more for the money than any other shoe house in the city.

It Pays To Talk

about the Shoes you are thinking about buying before you use the words "I'll take that pair." It pays to talk about the leather that goes into the uppers, the soles, the heels, the counters, &c., the kind of thread they are sewed with, the linings, and all the details of the shoe.

We Know Something

about these matters and we talk them over with you so you can understand what you are buying. Customers relying wholly on their own judgment often make mistakes. The old saying "two heads are better than one one" is true in Shoe matters as well as in anything else.

While we are instructing you on how our Shoes are made we can also show you that our prices are more than right---that

We are giving Lower Prices

on high grade Shoes than can be obtained in any other shoe house in the city.

WE WANT THE LADIES' TRADE

and if high grade Shoes at lowest prices will bring you in you are sure to come. Of this we are mighty certain.

Secured a Decree.

"I don't see that you have any case here," said the judge, thoughtfully. "It will not do to grant divorces for trivial cases, and I cannot see that there is any fault on either side serious enough."

"It is not a question of either being at fault, your honor," interrupted the attorney for the plaintiff. "It is a question of two utterly irreconcilable natures; of incompatibility of temper that is beyond the power of time to remedy. They can never live together in peace."

"You have not proved that yet," suggested the judge.

"No, your honor," replied the attorney. "We left the strongest evidence to the last. I will now put some witnesses on the stand to show that she rides a bicycle and he doesn't."

"If that is admitted," said the judge, promptly, "it is unnecessary to proceed further. I will grant a decree."—Chicago Post.

An Effort to Be Cheerful.

The genial young man slapped the merchant on the back and exclaimed: "How's business?"

"How's business?" the merchant repeated, thoughtfully. Then he took a bundle of notes at anything from 20 days to six months from his pocket, and with an effort at cheer, exclaimed:

"My boy, I never saw a time when business was more promising."—Washington Star.

An Ovation.

Primus—Spangler has written a play. Secundus—Has it been produced?

Primus—Yes, last night.

Secundus—Full house?

Primus—Packed.

Primus—Yes, and demanded their money back.—Bay City Chat.

Undue Discrimination.

"I think people discriminate a great deal," remarked the reformed forger.

"How so?"

"Well, the new one-dollar silver certificate spells the word 'tranquillity' wrong, but no one refuses it on that account, while I once misspelled the signature to a check and was sent to the penitentiary for it."—N. Y. World.

Knowledge Costs Money.

Irate Patron—See here, sir. I dropped a nickel into that machine, and nothing came out.

Wife—Indeed? What could it have been?

"Ask your mother, my son; she holds it in this family."—N. Y. Recorder.

Clerk—Would you like to look through some of our blankets, ma'am?

Customer—No. I want some that you can't look through.—N. Y. World.

Hard to Understand.

She—The days are getting shorter.

He—I don't see why they should; they are not married.—N. Y. Recorder.

FIGHT WITH OFFICERS.

Two Men Are Killed During a Desperate Battle in Kentucky.

Whitesburg, Ky., Oct. 22.—Advices from Upper Elkhorn creek, Pike county, near the Letcher county line, tell of a battle between four United States deputy marshals, headed by "Kid" Greer, and moonshiners. John Young, a moonshiner, was mortally wounded, being pierced by three balls, and another "shiner," whose name cannot be learned, was probably fatally wounded. The officers succeeded in cutting up and destroying four stills and capturing five moonshiners, who were taken to Jackson for trial.

To Reclaim 300,000 Acres of Land.

Michigan City, Ind., Oct. 22.—A meeting of the stockholders of the two Kankakee river improvement associations has been called to meet at San Pierre, Stark county, Oct. 31, at which time plans will be discussed for the joint co-operation of the two organizations in the work of draining the Kankakee valley. Capital has been enlisted to undertake the gigantic project, which will reclaim and open for settlement 300,000 acres of land in Illinois and Indiana, which is now covered by a swamp, which stretches away for miles in the Kankakee valley in the two states.

Shot by a Dozen Men.

Mobile, Ala., Oct. 23.—John Hollinghead, the Washington county farmer who participated in the lynching of Christopher Chambliss several months ago, then turned state's evidence and convicted several of the lynchers, who were sentenced to life imprisonment a few days ago, was assassinated in the roadway Tuesday, being shot from ambush by a dozen men. Some thirty other citizens of Washington are under indictment or suspicion of having participated in the lynching, but all of the state's witnesses excepting Hollinghead have left for parts unknown.

Bishop Keane's Successor.

Washington, Oct. 22.—The names chosen by the directors of the Catholic university to be submitted to the pope as candidate to succeed Bishop Keane are Father Conaty of Worcester, Mass., president of the summer school of philosophy at Plattsburg, N. Y.; Father Daniel J. Riordan of St. Elizabeth's church, Chicago, and Father Mooney, vicar general of New York. One of these will be designated by the pope as rector of the university. Father Conaty, in all probability, will succeed Bishop Keane. His was the first name selected of three to be submitted to the pope.
